STATUS REPORTSNicaragua/Honduras: Border Situation

The military situation remains normal along the  
Nicaraguan/Honduran border.

The absence of unusual activity at key Nicaraguan military  
garrisons decreases our concern that a major military action  
against Honduras is imminent. Clashes with anti-Sandinista  
bands, however, continue along the border area. And there is  
still a possibility of Nicaraguan cross border raids against  
exile camps in Honduras.
